

The Hashemite University  
Faculty of Engineering  
*Mechanical Engineering Department*

**Mechanical Drawing - 402445**

## Pro/Engineer Project Submission Instructions

Things that you need to submit are:

- A **printed report** according to the provided template which includes a drawing of the assembly showing its major dimensions. (*The printed report needs to be submitted no later than the project due date*)
- A single **electronic folder** containing all the project files (parts, assembly, and drawing) in addition to a PDF copy of your report. (*This folder should be put on a CD and included with the printed report*)
