#### PERSONAL QUALITIES

- Honest and Reliable.
- Punctual and enthusiastic.
- Able to work well as part of a team.
- Capable of operating under pressure, adapt to rapidly changing circumstances.
- Able to communicate professionally with patients and colleagues.
- Always enjoy good relationships with my colleagues.
- Experienced in junior supervision.
- Good time management and prioritization skills.
- Capacity to take responsibility of own actions.

#### OTHER INTERESTS

- I enjoy traveling, jogging and reading.
- Skilled in information technology.

#### CAREER INTENTIONS

- **Long Term:**

I am currently working as Ophthalmology Consultant hand to hand with my colleagues, we are working hard to establish a high quality specialised service at the level of the country and the region to include specialised Paediatric Ophthalmology unit. I am looking forward to maintain and improve the ophthalmology services. I am involved in research projects, participating teaching of medical students and ophthalmology residents and offering a high standard ophthalmic service. I am involved in multiple voluntary projects helping the local community regarding the eye care.
