

Curriculum Vitae

Personal data

Name : Ahmed Shaaban Abou Seif Diab.

Date of birth: December 14, 1951.

Nationality : Egyptian.

Qualifications

All degrees were obtained from Faculty of Medicine, Ain Shams University, Cairo, Egypt.

M.B.B.Ch. : December, 1976. Very good with honor.

M.Sc. (Pharmacology): November, 1980. Excellent.

M.Sc. (Endocrinology): November, 1985. Very good.

PhD (Pharmacology): June, 1983.

Positions held

A) In Pharmacology Department , Faculty of Medicine , Ain Shams University , Cairo , Egypt:

Demonstrator of pharmacology. 10.7.1978.

Assistant lecturer of pharmacology. 14.12.1981.

Lecturer of pharmacology . 4.8.1983.

Assistant professor of pharmacology. 29.8.1988.

Professor of pharmacology. 31.8.1993.

Professor emeritus of pharmacology. 1.8.2012, till now.

B) In Pharmacology Department , Faculty of Medicine, Garyounis and Al Arab Medical University, Benghazi, Libya:

Professor of pharmacology from 27.10.2003 till 30.6.2014.

Academic experience

- * Supervising 16 Master and 8 MD & PhD theses since 1983.
- * Teaching pharmacology to undergraduate & postgraduate medical and dental students in Faculty of Medicine , Ain Shams University, Cairo, Egypt.
- * Teaching pharmacology to undergraduate and postgraduate students in faculties of medicine , pharmacy , dentistry and public health in Garyounis and Al Arab medical university , Benghazi , Libya.
- * Internal and external examiner (in designing, conducting and evaluation) in several universities for M.B.B.Ch. , D.M., M.Sc. and M.D. students.

Clinical experience

Senior consultant in Endocrinology & Diabetes Mellitus in Egypt.

Attended conferences

Faculty of Medicine, Ain Shams University (Cairo) annual congress 1979 through 2003.

Cairo annual international pharmacology congress 1979 through 2003.

Cairo annual basic sciences congress 1979 through 2003.

Conferences in pharmacology in Egypt and Libya.

Conferences in endocrinology and diabetes mellitus in Egypt.

Theses of Dr. Ahmed Shaaban Abou Seif

1. M.Sc. in pharmacology. 1980.
Effect of benzodiazepines on the chemical transmitters (GABA & 5-HT) in various areas of the brain in experimental animals.
Supervisors: 1. Prof. Dr. Sadia Abdel Hafize.
2. Dr. Adel Disawy Bakry.
2. Ph.D. in pharmacology. 1983.
Interrelationship between GABA, dopamine and other neurotransmitters in the action of recently introduced antiepileptics and benzodiazepines.
Supervisors: 1. Prof. Dr. Sadia Abdel Hafize.
2. Dr. Zeinab Mohamed Labib.
3. Dr. Adel Disawy Bakry.
3. M.Sc. in endocrinology and metabolism. 1985.
Effect of antithyroid drugs on blood catecholamines level in thyrotoxic patients.
Supervisors: 1. Prof. Dr. Hussein El Damassy.
2. Dr. Soheir Mohamed Gamal El din.

Publications
