## ► Training and Experience :

### ## 1 / March / 2020 till Now :

I am working at Hashemite University (zarqa - Jordan) as a full time lecturer and post graduate fellow / associate clinical fellow in the department of Obstetrics and Gynecology where I am involving in teaching and supervising under and post graduate students.

In addition to my academic commitment I have my daily and on call duties at Farah medical campus (private sector hospital and one of the busiest IVF and labor units in Amman- Jordan) and I am participating in the outpatient clinics and Obstetrical and Gynecological surgeries as part of continuing my training.

During this period I actively involve in the assessment and management of infertile couples and I am exposed to different ovulation induction programs.

Also I am gaining a good experience in Oocyte pick up procedure and to a lesser extent in the intrauterine insemination and embryo transfer procedures.

I am receiving a good training in the assessment and management of infertile males.

I am participating in hysteroscopic procedures like resection of intrauterine septum, submucosal fibroid, endometrial polyp and intrauterine fibrosis.

I am dealing with Labor ward patients: evaluation , antepartum decision making , intrapartum decision making , obstetric emergencies , instrumental vaginal delivery and almost all varieties of abdominal deliveries.

### ## July / 2014 to July / 2019 :

Five years residency program in Obstetric and Gynecology department at King Abdullah University Hospital during which I performed a large number of minor and major surgical operations like Abdominal Hysterectomy, Myomectomy, Ovarian Cystectomy, Anterior and Posterior vaginal wall Repair, Complicated Caesarean Sections and Diagnostic and operative Laparoscopic and Hysteroscopic procedures including total laparoscopic hysterectomy , laparoscopic myomectomy and lap. Assisted vaginal hysterectomy.

I was actively participating in the Fetomaternal Unit activities like 1st trimester scanning, detailed anomaly scan, amnioreduction, amniocentesis and intrauterine fetal blood transfusions.

I went through Oncogynecology and chemotherapy units and I was involved in good number of Debulking and Staging Laparotomy.

I was exposed to Urogynecology and pelvic muscle training clinics and I was involved in different vaginal procedures like Vaginal Hysterectomy, Vaginal wall Repair and Tension Free Tape application.

I received good knowledge in Assisted Reproductive Technique procedures, and I was involved in the folliculometry clinics. Also I was involved in laparoscopic and hysteroscopic therapeutic procedures.

**## 1 / July / 2013 to 2 / July / 2014 :**

Twelve month internship at King Abdullah University hospital and Ministry of Health Educational Hospitals - Jordan as follows:

|                                   |                                  |
|-----------------------------------|----------------------------------|
| King Abdullah University Hospital | From 01/07/2013 Up to 07/07/2013 |
| Gynecology and Obstetrics section | From 09/07/2013 Up to 31/08/2013 |
| Pediatrics section                | From 01/09/2013 Up to 31/10/2013 |
| General surgery Section           | From 01/11/2013 Up to 31/01/2014 |
| Internal medicine section         | From 01/02/2014 Up to 31/04/2014 |
| Emergency section                 | From 01/05/2014 Up to 31/05/2014 |
| Orthopedics section               | From 01/06/2014 Up to 02/07/2014 |

**## June / 2007 to June / 2013 :**

I enrolled The Faculty of Medicine at Jordan University of Science and Technology, where I completed 257 credit hours of classes divided among compulsory and elective courses over six years divided into three years of medical sciences and three clinical years.

**► Professional Associations and Medical Licensing Authorities :**

# Current member of the Jordanian Society of Obstetricians and Gynecologists since March / 2020.

# Current member of the Jordanian medical council and licensed as a specialist in obstetrics and gynecology since 11 / March / 2020.

# Current member of the Jordanian Medical Association and licensed to practice medicine in Jordan as a specialist in Obstetrics and Gynecology since the March / 2020.

# Authorized by the Jordanian Ministry of Health to work as an Obstetrician and Gynecologist.

# Current member of the Jordanian Medical Association since Jun / 2014 as a General Practitioner.

## ► Meetings , Conferences and Courses :

I have attended many meetings and conferences :

- The seventh medical conference held at king Abdullah university hospital 12-13 nov. 2012 (12 CME Hours)
- The 13<sup>th</sup> international congress of the Jordanian society of obstetricians and gynecologists 31<sup>st</sup> aug – 1<sup>st</sup> -2<sup>nd</sup> sep. 2016 ( 12 CME Hours ).

- The 19<sup>th</sup> international Jordanian conference of RCOG-IRC in Jordan 1<sup>st</sup> – 2<sup>nd</sup> march 2018 – landmark hotel amman ( 12 CME Hours ).

## ► Professional exprience :

I believe I received a good training to be a safe obstetrician and gynaecologist, being able to deal with confidence with obstetric and gynaecological emergencies.

### • In Obstetric

I feel confident to deal with patients in the antenatal ward, clinics, delivery room and delivery theater

I can do all types of cesarean sections and I can manage instrumental deliveries for different indications.

I can manage all stages of perineal tears.

I can do all kinds of cervical stitches for cervical incompetence.

### • In Gynaecology

I am happy to deal with outpatient and inpatient gynecological symptoms. I can manage Abdominal Hysterectomy, Myomectomy, Cystectomy and vaginal wall repair efficiently.

I can manage ectopic pregnancies laparoscopically.

I can do level 1 and 2 Laparoscopic procedures effectively.

I can do diagnostic hysteroscopy and D&C

I can do marsupialization for Bartholin abscess.

I feel myself confident to deal with most fertility problems and I can do Transvaginal Oocyte pick up, Intrauterine insemination and embryo transfer.

I feel myself confident to deal with all early pregnancy problems. I can do gynecological Transabdominal and transvaginal scans.
